About This Game

"Suicide Guy: Sleepin' Deeply" is a new Chapter from the original Suicide Guy game series.

The game is a first person action-puzzle game set in a world of dreams.
You'll assume the role of a nice big guy unable to wake up from his dreams. Your task is to help him to step out of them.

Features

- 3 to 4 hours of pure gameplay set inside Suicide Guy's subconscious
- A whole new story with an unexpected plot twist
- Physics based levels
- Ultimate moves: able to pick up items, throw them, activate mechanisms and even burp.
- Funny creatures to annoy
- Vehicles to drive
- New Collectible items to find

Gamers will have to use different items in every kind of situation by solving original brain teasers. Despite the title, the game is NOT at all about suicide or depression.
